Accountant's Report to the Members of the Auckland School Nurses' Group

The Auckland School Nurses' Group's limited financial statements (Attached) and its financial records for the year ended 31 March 2025 were reviewed by us to establish the following:

Adequate records have been maintained, to evidence receipts and payments and to enable the preparation of accurate financial statements.

The balances at yearend in the two bank accounts and the asset reflect the fund balance at the beginning of the year plus the year's surplus, after providing for refunds payable, if any.

The limited financial statements are in agreement with the records maintained by the Group.

Overall accounting for the Group's funds is satisfactory.

Our engagement was not to carry out a full examination of the records but to carry out the above agreed upon procedures. We were able to satisfactorily establish the above, on the basis of the results of our review.
